

MOEN®

ACCESSORIES PRICE BOOK

Water. Our world's
most precious
resource. It runs
through our homes
and our lives,
creating moments
of relaxation,
restoration and joy.

At Moen®, we're committed to ensuring every experience you have with water in your home is an exceptional one, from leveraging technology to delivering water in an innovative, more customized way, to designing on-trend products that artfully combine form and function to reflect your personal style, to developing new ways to save water without sacrificing a spa-like sensation... simply put, it's your water, your way, every day.

In these pages, you'll find our latest hardware and innovations all available in a wide range of finishes and styles to suit your personal preferences.

MISSION MOEN.

We're innovating to save 1 trillion gallons of water and repurposing 2,000 tons of ocean plastic by 2030, all while helping you enjoy water even more.

Mission Moen is Moen's pledge to innovate, engineer and design for the water of tomorrow. Our goals are to work to save 1 trillion gallons of water and repurpose 2,000 tons of ocean-bound plastic by the year 2030, keeping our Earth's water beautiful for all. That's why Moen® is using recycled ocean plastic in the design of the Magnetix® docks for the Moen Quattro Handheld Shower and the Verso® Showerheads.

LIGHTING

From Modern to Traditional, Moen® offers a bath lighting choice that will fit your style. In addition to high-end style, our lighting provides installation benefits. The quick Connect Wiring System lets you pre-wire the light fixture to the junction box, meaning there is no need to hold the fixture up to the wall during the wiring process. Glazed sockets help ensure the socket rings install with ease.

Moen Lighting

Moen Lighting

Whether your tastes lean traditional, modern or somewhere in between, Moen offers a bath lighting choice that will fit your style. Our distinctive lighting options are designed to accent some of our leading faucets. With nine collections to choose from, it's never been easier to tie together the look of your bathroom. Built in the Moen tradition, our lighting offers quality, durability and style.

BATH SAFETY

While bath safety is often only considered for older adults, it should be for all stages of life. From babies to boomers, Moen offers a full range of products to make baths safe and stylish.

Grab Bar Guide

HOW MANY GRAB BARS DO I NEED AND WHERE SHOULD THEY BE INSTALLED?

Health professionals typically recommend three grab bars in a bathroom:

- A** At least one near the toilet
- B** At least one along the showerhead wall or whichever end of the tub/shower you use to enter/exit
- C** At least one along the back wall in the bathtub or shower

WHO SHOULD USE GRAB BARS?

Everyone! People of all ages and abilities can benefit from using grab bars.

WHAT CAN A GRAB BAR DO?

- Reduce risk of falling in the tub or shower
- Help steady yourself while getting into and out of the bathtub or shower
- Assist in safely lowering and raising from a seated position

THINGS TO CONSIDER WHEN SELECTING A GRAB BAR(S):

- **Length:** Select a grab bar that is the suitable length for your bath or shower area.
- **Weight Capacity:** Choose a grab bar that at least meets ADA requirements (250 lbs.); SecureMount™ Grab Bars have a 500-pound weight-pull capacity that exceeds ADA requirements (when securely installed into studs).
- **Installation:** Grab bars that feature SecureMount™ have a design that allows for secure installation into a stud or wood backing at any angle. When using SecureMount™ Anchors, there is no need for installation into a stud or wood backing.
- **Grip Surface:** Consider a grab bar with a textured surface or grip feature that provides a better hold in a wet bathroom environment.
- **Finish:** Consider a grab bar that matches your faucet and other fixtures.

SECUREMOUNT™ SYSTEM

SecureMount Anchors and Plates

1 Pair Pack SMA1000 |  10 Pair Pack SMA1001 | 

SecureMount System

The SecureMount System is the ultimate choice in easy, secure grab bar installation.

SecureMount Grab bars

The unique flange makes it easy to connect to the stud at multiple points, at any angle.

SecureMount Anchors

Precision-engineered for optimal bracing behind the wall, SecureMount Anchors allow for easy grab bar installation—with no studs required—anywhere on the wall.

16" grab bars can typically mount directly into studs because the standard stud size is 16" on center. 18", 24", 36" and 42" grab bars will often need an anchoring system when mounted into drywall, as an alternative to stud or wood-block installation.

FINISH OPTIONS

Chrome (C/CH), Old World Bronze (OWB)

Product Details:

- 300 lb. weight capacity when securely installed per instructions. Limited Lifetime Warranty. Independently tested by CSA and NAHB laboratories to exceed ADA, ASTM, ANSI and CSA standards.
- Mount securely to a variety of substrates*:
 - 1/2" or 5/8" drywall
 - 1/2" or 5/8" drywall with tile
 - 1/2" or 5/8" drywall with marble
 - 1/8" or 1/4" fiberglass tub surround

Not all platforms available in all finishes.

PRODUCT TERMS

ADA Compliant

Meets Americans with Disability Act requirements for the physically challenged.

Pivoting Paper Holders

Many Moen paper holders feature an innovative, spring-free design that makes changing the roll quick and easy. Simply lift the arm, insert the roll and set the arm back into place. The pivoting arm remains attached so there's no spring to lose and no extra parts to drop.

Pro-Fit®

The Pro-Fit Installation System is a single-screw mounting system that uses a pre-attached hollow wall anchor for a fast and solid installation. This eliminates the hassle of set screws with a simple locking tab that holds Pro-Fit posts firmly in place. Visit moen.com/professional for installation videos.

SECUREMOUNT™

SecureMount™

SecureMount anchors allow for an easy grab bar installation with no studs required anywhere on the wall. This means you can place grab bars exactly where you want, resulting in a safe and stylish look in the bath.

Limited Lifetime Warranty

Most Moen faucets come with a Limited Lifetime Warranty against leaks, drips and finish defects. For complete details, call 1-800-BUY-MOEN or visit us at moen.com.
